Wellness Day

Going Beyond for Greater Living - Guaranteed!

WELLNESS DAY

WOWs of Difference

This Wellness Day is not like any other you have attended. There are WOW factors that we would like to share with you.

From everyday multivitamins, what you cook your food in, from where you drink your water and what you clean up with, we will WOW you with sustainable quality, at less than you are currently paying.

For the past 80 years this company has been practising sustainable farming - in so doing, protecting biodiversity, our ecosystems and the planet.

The next WOW factor is that from the very soil preparation, seed sowing and all the way through to manufacture, packaging, distribution to customer, the process is all in-house, controlled and monitored at source. No excuses, no second-guessing nor passing-the-buck for this company!

With South Africa, now facing standardised quality regulations on health and wellness products, this company has always registered its supplement programme with pharmaceutical standards. Nappi codes on supplements allow consumers to claim back from their medical aids.

Across all product range of supplements, cosmetics, personal care and home cleaning products there is a 180-day money back guarantee! Now that says something about quality-confidence. A further remarkable WOW feature is the logistical genius of a 24 - 48 hour delivery time for online shopping.

And there is more - so much more, that you will need to make a visit to us at our Wellness Day Tuesday 09 Sept 2014 09h00 to 12h30 at the Conference Room Le Domaine 100 Acutts Drive Hillcrest Kzn.

I can tell you from personal experience that I have tested these products from every angle. I went so far as to walk 400kms El Camino Portugal and Spain last year to validate the quality and effectiveness of Nutrilite - I was impressed! Whilst most people don't know about Nutrilite it has in fact, the greatest global market-share for supplementation. Its closest competitor earns five times less in turnover - says something, doesn't it?!!

Come and join us Tuesday 09 Sept at Le Domaine - we would love to chat with you in person as to how this passion for excellence in health and wellbeing can impact on your life too. I look forward to meeting you,

Let's chat, Barbara Johnson
